

QUEENSLAND MAJOR
CONTRACTORS ASSOCIATION

Safety Sub-Committee

Our Mission Statement

The Queensland Major Contractors Association Safety Sub-Committee (QMCA SSC) is committed to the reduction of harm through the promotion and improvement of safety amongst its members and the construction industry in Queensland.

Our Objectives

QMCA SSC objectives as an industry peak body are to:

- Communicate the safety needs and aspirations of the industry as a single voice to the Government and Industry Stakeholders.
- Promote and support safety through education, skill development and training initiatives.
- Integrate and promote safety in the planning, design, delivery and the operation of construction projects.
- Provide members with a forum to discuss safety, exchange information, network and co-operate in finding solutions to safety issues.
- Identify, adopt and promote uniform Occupational Health & Safety definitions and statistics.

Our Values

Our members will:

- Adopt the highest standard of ethical behaviour and integrity in all dealings with each other, clients and stakeholders.
- Participate on a co-operative non-competitive basis in QMCA activities and respect the rights of individual member organisations to refrain, on occasion, from participating in a specific project or initiative.
- Be open, honest and frank in discussions and forums and contribute in a constructive manner to the betterment of the QMCA.
- Promote the QMCA and represent the organisation without bias or favour.
- Not act collusively in any manner that is detrimental to these values and objectives and those of our clients.
